INTUITION is an elegant, 24-metre aluminum single-engine sloop-rigged fast ocean cruiser of round-bilge hull, designed by well known naval architect Juliusz Strawinski. Dynamic silhouette of the yacht has been additionally underlined by her silver and black hull painting, as well as beautiful carbon mast towering over her deck. With her powerful engine, large fuel tanks and strong hull, the yacht is ready for long-range recreational cruising on open seas with unlimited sailing area in weather conditions similar to Mediterranean Sea or Caribbean Sea area. Her hydraulic package controlling sails, windlass, thruster, deck gear and aft gate - all those combined with rich set of navigation & communication equipment - makes the boat really easy to handle and drive, giving all the joy of professional sailing to her owners. Furniture finish inside the yacht meets the highest standards. Cabin floors covered with carpet lining, in saloon and wheelhouse covered with teak staves panels. Bathroom and caboose tops – marble or granite; finishing details, handrails & accessories – polished stainless steel. All ceilings covered with Italian soft upholstery. Interior layout provides six similar luxurious double cabins with bathrooms (each with separate shower cabin), equipped with bunk beds – bunks are extendable (lower bunks) and foldable (upper bunks) to form a back rest (pullman bed). Common luxurious bathroom for two bow cabins has been additionally provided with sauna/steam generator. Each cabin equipped with LCD TV\DVD\ SAT-TV, air-conditioning controls, wardrobe and lockers. In the midship there is a spacious deck salon with dining and recreational area, navigation part and large galley recessed to separate it from the rest of salon. Rich set of galley equipment, including wine cooler, fridges, ice maker, dishwasher, induction cooker and oven\microwave, makes living onboard easy and truly comfortable. Recreational area provides additional entertainment thanks to large TV screen with pop-up lifter and advanced high-end audio-video equipment. The cockpit contains two tables and benches for up to 12 people, behind the cockpit there are two carbon-painted helm stations, providing full control over the boat. Spacious aft garage provides room for dinghy, jet-ski, diving compressor and oxygen tanks; its large hydraulic gate forms wide bathing platform when open.
