

"LF-75 / Intuition"

Designed by Juliusz Strawinski, this extraordinary custom-built aluminum fast ocean cruiser provides the highest comfort of living as well as exceptional handling characteristics. She features elegant modern interiors, combining warm architectural shapes and natural materials, reflecting the owner's taste. Intuition offers plenty of space, rarely seen on yachts this size: six double en-suite cabins, fully equipped galley, spacious salon with dining area, and separate navigation area. A spacious aft garage provides room for a dinghy, Jet Ski, diving compressor, and oxygen tanks, while the large hydraulic gate serves as a comfortable bathing platform when open. Her powerful engine, large fuel tanks, strong round-bilge hull, carbon mast, and unlimited sailing range, make her perfect for long-range cruising in the Mediterranean or Caribbean.
